

# Concord Christian School Summer Reading 2024

## For Students Entering K-5

*"The more that you read, the more things you will know. The more you learn, the more places you'll go."*

*– Dr. Seuss, "I Can Read with My Eyes Shut!"*

## Summer Reading Challenges

(Read for your grade level in 2024-2025)

The purpose of the summer reading challenge is to encourage all students to continue reading, to enrich learning, and to foster a lifelong love of reading. This year's challenge is meant to give parents and students more autonomy and choice over what you and your child decide to read this summer.

The lists included are merely suggestions if you wish to use them. Our goal is for you to encourage your child to read...**to read alone, to read with someone, to listen to someone read to them...JUST READ!**

Students who read a minimum number of books for their grade level, will receive a prize when they return to school. Parents can send in a note with their child during **the first week of school** stating that the students have completed their minimum number of books for summer reading or that they read every day.

### **#1 Summer Reading Challenge:**

Kindergarten - 2nd Grade: 10 total picture or chapter books of their choice

3rd grade: 3 chapter books of their choice

4th grade: 4 chapter books of their choice

5th grade: 5 chapter books of their choice

### **#2 Super Summer Reading Challenge:**

Complete #1, PLUS Read Every Day During the Summer (Read alone, with someone, read to someone, or listen to someone - family devotion time counts as well!)

### **#3 Mrs. Studt's Extra Super Summer Reading Challenge:**

Complete #1 and #2. Print out the linked summer calendar months (June and July), and write down what you read every day on the calendars. Have a parent/guardian/grandparent, etc. sign, and return to Mrs. Studt when school begins this Fall for an Extra Super Prize! You may print out the calendar pages at the end of this document, OR

Use the following link, choose "Print," and select June and July to print, and start reading!
