## CELIA FROM SPAIN

"CCS made the best year of my life. I have loved to spend my year here! Everybody here shows you love in so many different ways. I have loved the games and went to every one of them; you can feel the spirit that only America has in their schools! I have made tons of friends here and loved my host family. They have taught me new things and new values that I will always carry with me. I created a lot of memories that I am never going to forget. I will miss CCS tons! It has been a pleasure to be part of this second home called Tennessee."

## DAT FROM VIETNAM

"I studied at CCS until graduation and my experience was wonderful. I've learned so much. I played a lot of sports like tennis, basketball, football, and soccer. I made a lot of friends too; they are so friendly and funny. The teachers and coaches are very kind and fun. They always respect you. My host family was the best. They took care of me like their own kid. I love it here!"

## SKY FROM CHINA

"Concord is a place that has a lot of opportunities! We have a lot of diversity at Concord. If you play sports or want to be in a club – or even start your own club, like I am doing – Concord offers that. If you go to a really big school you might not have the opportunity to do these things because there are too many people. If you really want to experience American life in High School then Concord is the perfect place for you."
